Chapter 187 "Even Match"

HACHI'S OCEAN FLOOR STROLL VOL. 5 "HACHI COMES ACROSS A STARVING MAN"

If you're not involved in the fighting, then you better leave this city as soon as possible!

Do you realize the situation you're in!?

Past here is the royal palace!

not gonna fall
for something as
stupid as that.

H-HOW COULD
YOU!? Isn't this
your friend's

what do you
think of your
friends as,

BECAUSE PEOPLE
ARE DEFINED NOT
BY THEIR FACES,

**BUT BY
THEIR
HEARTS!**

It is their very
existence which
allows Alabasta
to be a kingdom,
not the other
way around!

If we could

The Kingdom
of Alabasta
is its people,
fighting each

Just leave

A secret
passed
down
from king
to his suc-
cessor for
genera-
tions...

Really
exist in
this
kingdom?

A weapon!?
Does some
thing like
that...

With such influence,
I'll have the power
to surpass even the
World Government's
authority itself!
And at last, I will
have my utopia!

It'll only be too
easy to bring all
the pirates in
nearby regions
under my control!

Once I
become
the king
of this
land,

Oh, of course
not. That's
precisely why
I need some-
thing to tip
the scales in
my favour...
Pluton.

Do you really
think the
World Gov-
ernment will
just let that
happen!?

...I see.

I expected as much.

But I'll have you know that I have no clue to its whereabouts,

Nor am I even sure if such a thing really exists in this kingdom.

I don't know where you managed to learn that name.

!!!?

But at 4:30p.m... That is to say, in just 30 minutes from now, they'll be engulfed by a massive explosion.

In any case, the bulk of the royalist forces are currently gathered around the city square,

Even I realize just how dubious the existence of such an incredible weapon is...

We've gotta do something about those hands coming out from the doors!

We need to get inside!

The scenery viewable from here will undergo quite the "renovation," I'd assume...

A special-made explosive with a blast diameter of 5km.

Are you out of your mind!?

Happy, are you?
The rebellion you so
wanted to stop will
finally be over.

**BUT IF
YOU DO
THAT...!**

**A 5KM
BLAST IN
JUST 30
MINUTES!?**

It's far more
expedient to
eliminate the
ones doing the
actual fighting.

Rather than
blowing up the
royal palace to
stop the
fighting in such
a roundabout
way,

By my calculations,
the rebel forces should
penetrate all the way
into the city square
in about 20 minutes.

...What an
earsore.

Princess!

**JUST
WHAT
HAVE MY
PEOPLE
EVER
DONE TO
